

Market Announcement

From: Surveillance and Compliance Office

Date: 03 July 2018

Subject: PNG Air Limited –Suspension Uplift

POMSoX advises that the voluntary suspension of securities of PNG Air Limited (the “Company”) pending a release by the company has been lifted.

The uplift of suspension was a directive from the Securities Commission of Papua New Guinea (“SECOM”) relating to the company’s announcement of “a material transaction in negotiation”. SECOM released in February 2018 a guidance note which conflicts with the nature of the announcement and therefore the suspension is lifted.

Initial Period of Suspension:

22 June 2018

30 June 2018

Continuation Period of Suspension Requested

02 July 2018

06 July 2018

End of Suspension

02 July 2018

PNG Air Limited suspension will be lifted at pre-open phase of the market and will enter normal trading as at Tuesday 03 July 2018.
