## DELAY IN RELEASE OF 2016 RESULTS

---

We wish to inform the market that although the 2016 Audit for the Company has been completed and the results are in line with expectations, there are delays in obtaining financial data from an associate that is material to the group.

We are therefore not in a position at this time to release the final 2016 results.

We expect this to be resolved by 31 March 2017 at which time the formal market announcement relating to the Company's 2016 results will be released.

A handwritten signature in black ink, appearing to read "Wilson Kamit", is positioned above a horizontal line.
