POMSOX Announcement
POMSoX Market Incident Reporting 20 June 2019

This is to inform you that Port Moresby Stock Exchange Limited had encountered connectivity issues in relation to the trading system this morning. As a consequence the market was temporarily not available at Pre-Open Auction phase and at the start of the Trading phase. A solution was achieved a while ago and market access for participants was restored at approximately 10.30am today, 20 June 2019.

Our Trading System support will continue to perform standard root cause analysis to identify areas for improvement to further minimize the risk of this occurring in future.

For enquiries do not hesitate to contact the exchange on 320 1980/320 1982.
