

PNGX ANNOUNCEMENT | FRIDAY 7 MAY, 2021 | FOR IMMEDIATE RELEASE

BSP COVID-19 UPDATE

Since BSP Financial Group Limited (BSP) released its 2020 financial results and accompanying investor presentation to the market, Papua New Guinea has experienced an upsurge in the number of positive Covid-19 cases, with the Government introducing measures to restrict the transmission of the virus. BSP has reinforced its health security approaches for its staff and customer's and has also re-instituted workplace separation for critical staff to reduce the risk of its business operations being affected by an increased number of Covid-19 positive cases. BSP was able to keep all of its branches open except during the peak period of increased Covid-19 transmission. Our lending teams have also been in regular contact with any businesses who have experienced Covid-19 related impacts on their business.

BSP continues to actively monitor and will inform the market of any material impact on its earnings.
