Notes

- For announcement to the market** The percentage changes referred to in this section are the percentage changes calculated by comparing the current period's figures with those for the previous corresponding period. Do not show percentage changes if the change is from profit to loss or loss to profit, but still show whether the change was up or down. If changes in accounting policies or procedures have had a material effect on reported figures, do not show either directional or percentage changes in profits. Explain the reason for the omissions in the note at the end of the announcement section.
- True and fair view** If this report does not give a true and fair view of a matter (for example, because compliance with an Accounting Standard is required) the entity must attach a note providing additional information and explanations to give a true and fair view.
- Consolidated profit and loss account**

- Item 1.1 The definition of "operating revenue" and an explanation of "sales revenue" (or its equivalent) and "other revenue" are set out in IAS 18: *Revenue*.
- Item 1.4 "+operating profit (loss) before abnormal items and tax" is calculated before dealing with outside +equity interests and extraordinary items, but after deducting interest on borrowings, depreciation and amortisation.
- Item 1.7 This item refers to the total tax attributable to the amount shown in item 1.6. Tax includes income tax but excludes taxes treated as operating expenses.
4. **Income tax** If the amount provided for income tax in this report differs (or would differ but for compensatory items) by more than 15% from the amount of income tax *prima facie* payable on the profit before tax, the entity must explain in a note the major items responsible for the difference and their amounts.
5. **Consolidated balance sheet**
- (a) **Format**
- The format of the consolidated balance sheet should be followed as closely as possible. However, additional items may be added if greater clarity of exposition will be achieved, provided the disclosure still meets the requirements of IAS 34.
- (b) **Basis of revaluation**
- If there has been a material revaluation of non-current assets (including investments) since the last +annual report, the entity must describe the basis of revaluation adopted. The description must meet the requirements of paragraphs 9.1-9.4 of IAS 16 :*Property, Plant and Equipment*. If the entity has adopted a procedure of regular revaluation, the basis for which has been disclosed and has not changed, no additional disclosure is required.
6. **Statement of cash flows** For definitions of "cash" and other terms used in this report see IAS 7: *Statement of Cash Flows*. Entities should follow the form as closely as possible, but variations are permitted if the directors (in the case of a trust, the management company) believe that this presentation is inappropriate. However, the presentation adopted must meet the requirements of IAS 7. +Mining exploration entities may use the form of cash flow statement in Appendix 5B.
