THE EDIE CREEK MINE

Important Information

This presentation is not a prospectus nor an offer of securities for subscription or sale in any jurisdiction nor a securities recommendation.

The information in this presentation is an overview and does not contain all information necessary for investment decisions. In making investment decisions, investors should rely on their own examination of Niuminco Group Limited and consult with their own legal, tax, business and/or financial advisers in connection with any acquisition of securities.

The information contained in this presentation has been prepared in good faith by Niuminco Group Limited. However, no representation or warranty, express or implied, is made as to the completeness or adequacy of any statements, estimates, opinions or other information contained in this presentation.

To the maximum extent permitted by law, Niuminco Group Limited, its directors, officers, employees and agents disclaim liability for any loss or damage which may be suffered by any person through the use of, or reliance on, anything contained in or omitted from this presentation.

Certain information in this presentation refers to the intentions of Niuminco Group Limited, but these are not intended to be forecasts, forward looking statements, or statements about future matters for the purposes of the Corporations Act (Cth, Australia) or any other applicable law. The occurrence of events in the future are subject to risks, uncertainties and other factors that may cause Niuminco Group Limited's actual results, performance or achievements to differ from those referred to in this presentation to occur as contemplated.

The presentation contains only a synopsis of more detailed information to be published in relation to the matters described in this document and accordingly no reliance may be placed for any purpose whatsoever on the sufficiency or completeness of such information and to do so could potentially expose you to a significant risk of losing all of the property invested by you or incurring by you of additional liability. Recipients of this presentation should conduct their own investigation, evaluation and analysis of the business, data and property described in this document. In particular, any estimates or projections or opinions contained herein necessarily involve significant elements of subjective judgment, analysis and assumptions and you should satisfy yourself in relation to such matters.

The information in this report that relates to exploration results is based on Information reviewed by Mr John Nethery (BSc., Dip. Ed., FAusIMM (CP), FAIG,FSEG,MGSA) who is a Fellow of the Australasian Institute of Mining and Metallurgy. Mr Nethery is a director of Niuminco Group Limited and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. He consents to the inclusion in the report of the matters based on this information in the form and context in which it appears.

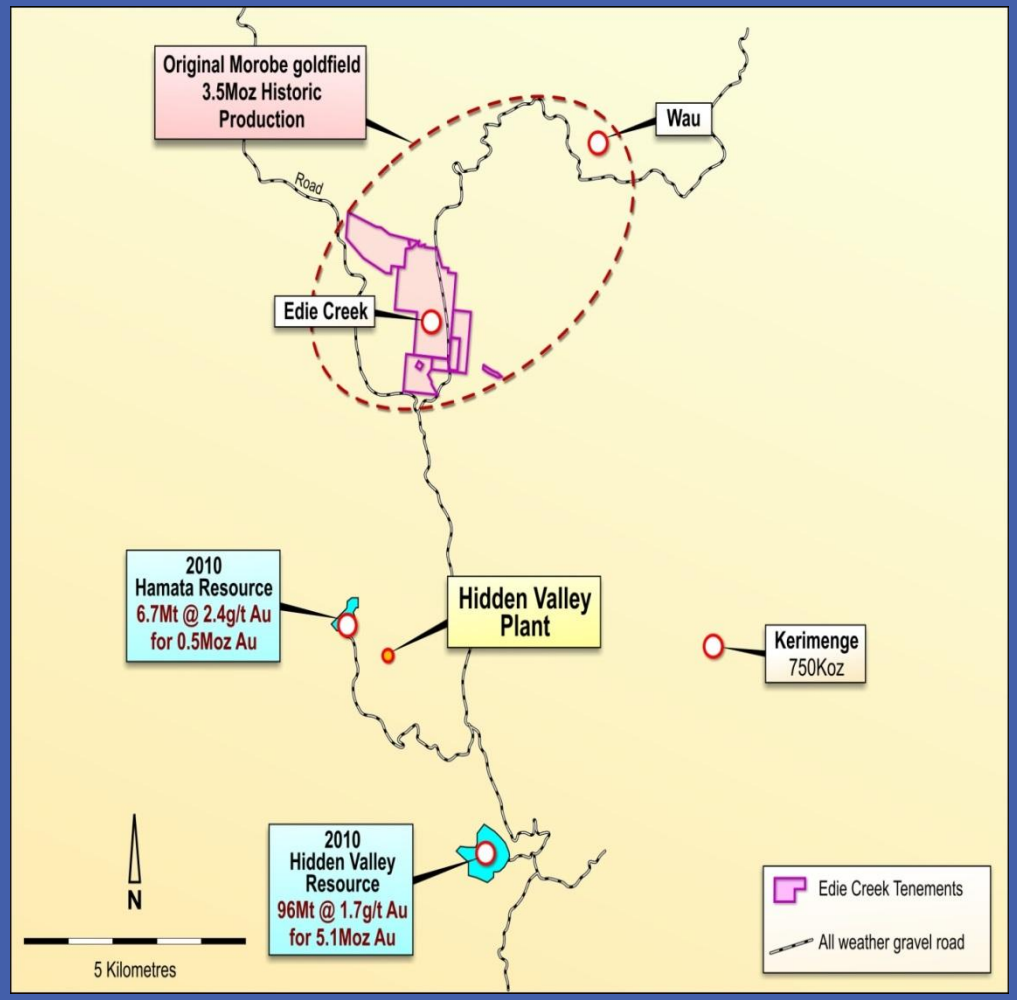
NIUMINCO GROUP LIMITED (PNGX:NIU)

- **EDIE CREEK MINE** – Expanding, producing **gold and silver** mine – operated by Niuminco for past 17 years. **10-year ML renewal granted in Oct. 2021**
- **CHILLAGOE CALCIFER PROJECT** – 90% interest in **3 MLs** in **FN Qld,** highly prospective for **gold/copper** with historic copper workings**.**
- **NEW ZEALAND OPHIR GOLD PROJECT –** 100% interest in potential **+100,000 oz Au** mine with **Mining & Exploration Permit,** historic workings
- **SELLHEIM COPPER/GOLD PROJECT**–100% interest in **3 MLs and 2 EPMs, Qld**

EDIE CREEK – Expanding gold/silver Mine

Epithermal Gold and Silver Deposit

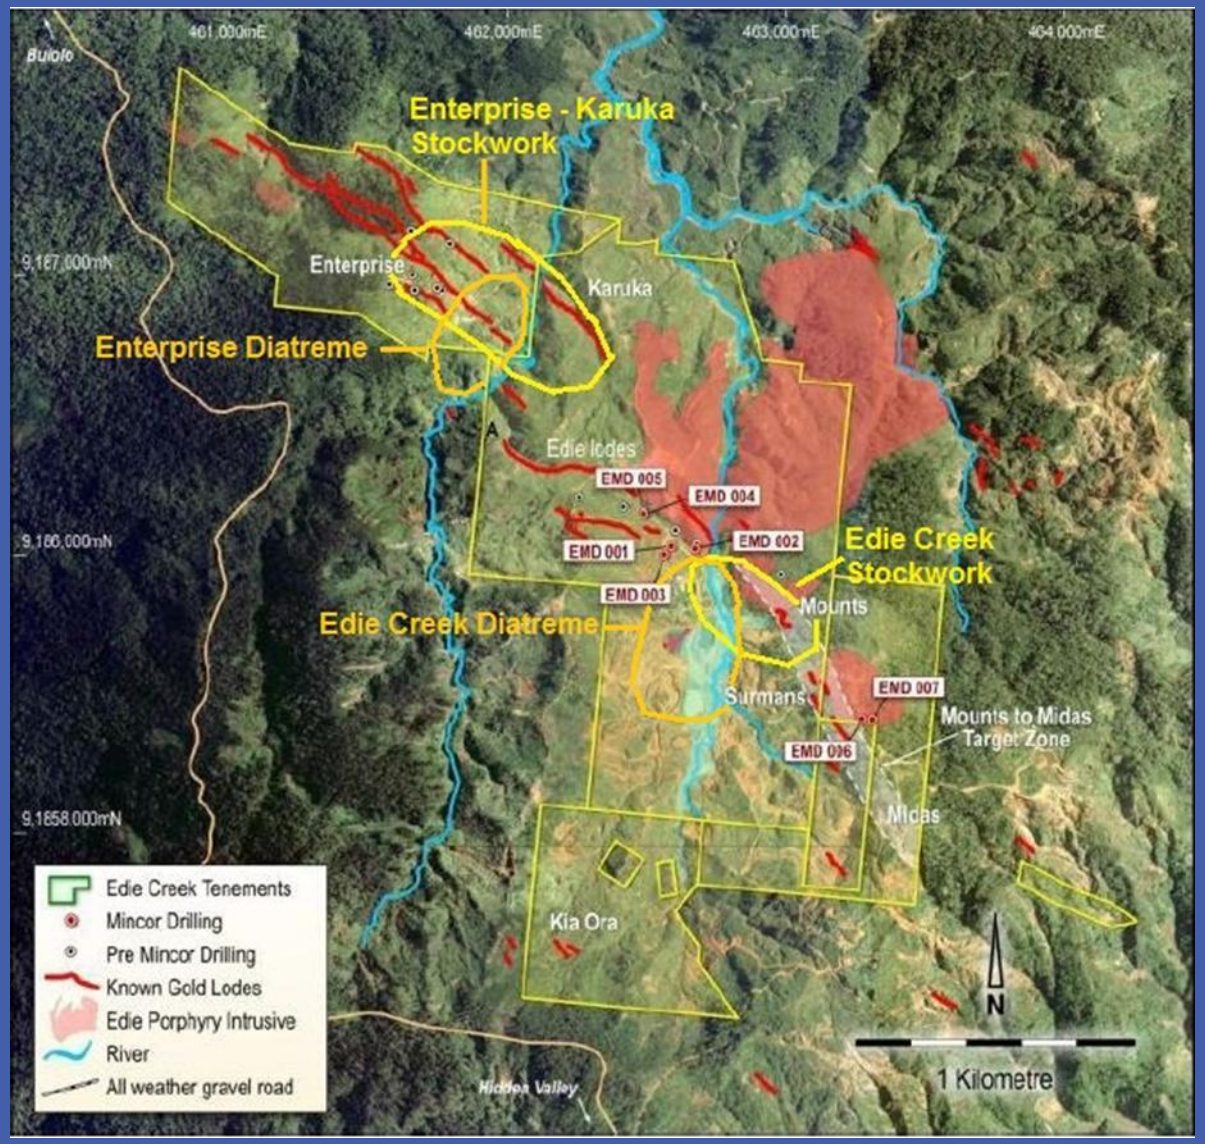
- Edie Creek is located in the Morobe Province, approximately **5km from Harmony Gold's Hidden Valley Mine**,.which produced ~170Koz of Au, 3Moz Ag in 2025.
- Edie Creek comprises a **granted ML to 2031** covering 3.89 sqr kms and **Environmental Permit**.
- Within the consolidated ML 511, Niuminco has developed a **100 person camp, mining/processing infrastructure, maintenance and administration facilities**.
- **Significant scale-up of exploration, mining & processing currently underway**.
- **K1M spent on exploration and K9M on plant , equipment & expansion in past 12 months**



EDIE CREEK – AN EXPANDING MINE

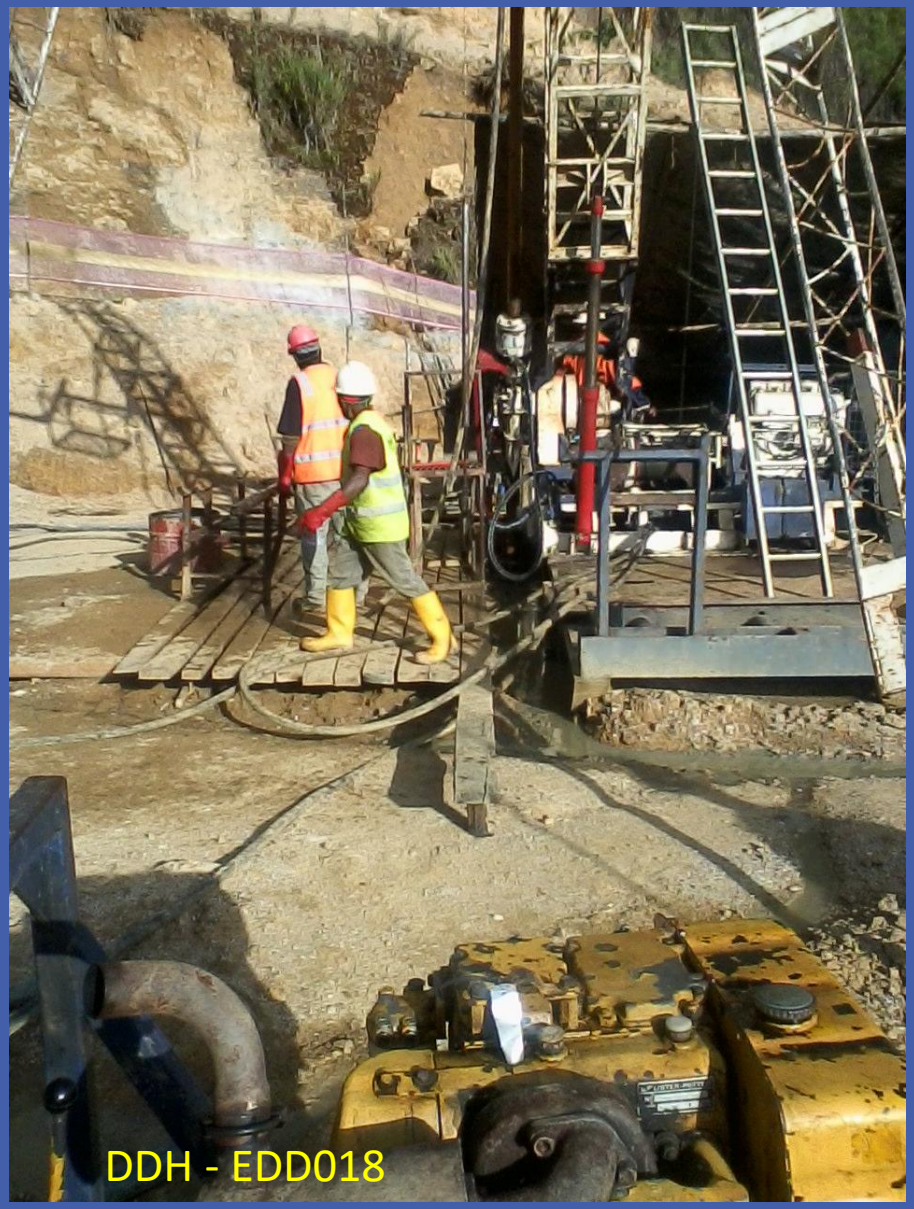
NIUMINCO

EDIE CREEK Epithermal Gold & Silver



- High grade Au-Ag veins.
- Lower grade bulk tonnage – a number of bodies with substantial economic potential identified.
- JORC drilling program completed with K10M spent on exploration, plant and operations over past 12 months.
- Current, rapid scale-up of exploration, mining & processing.

EXPLORATION DRILLING

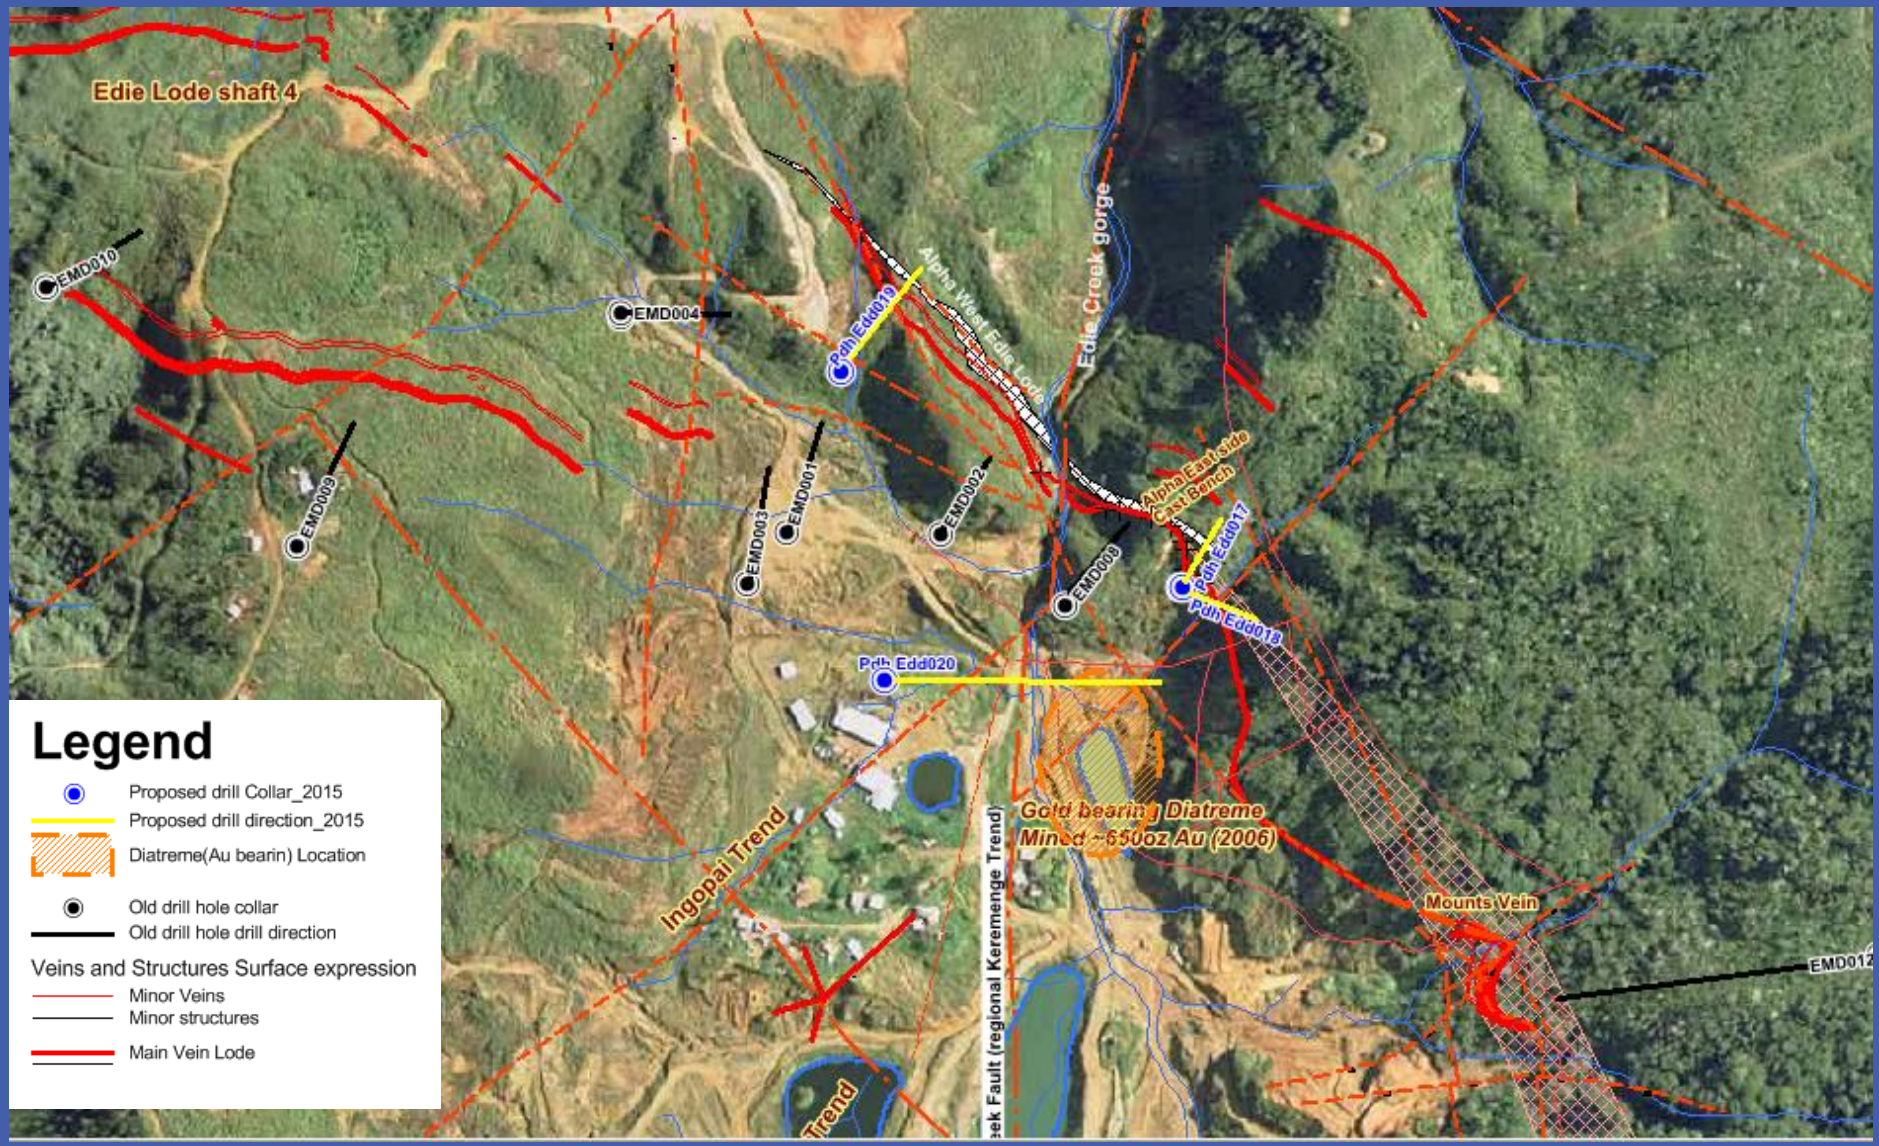


- Still relatively unexplored:
  - 65 drill holes for 7604m since drilling commenced in 1988.
  - 38 drilled by Niuminco since 2011, 14 DDHs in past 12 months
- Future drill programs will target:
- Extensions of known vein & lode systems (Karuka,Edie Lode, etc.)
- Identified bulk tonnage targets, and
- A further 48 hole, 1800m JORC 2012 Resource extension program in 2026/7.

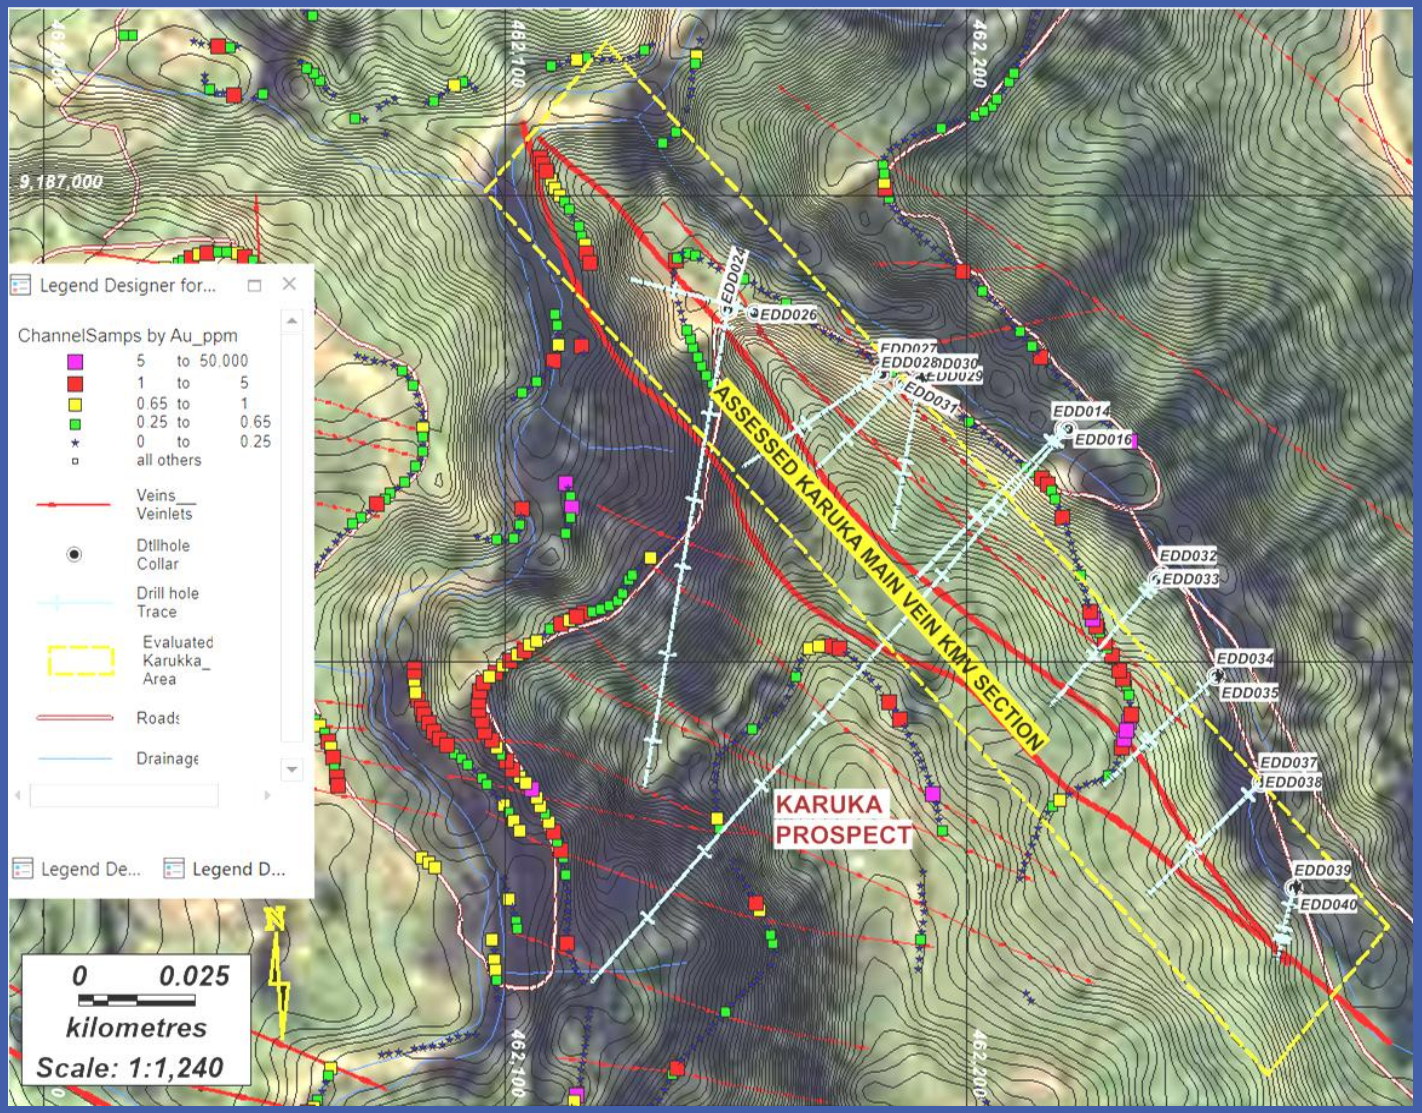
SEVEN KNOWN VEIN SYSTEMS

Seven known systems ready to further explore and mine – Karuka, Alpha West, Alpha East, Mounts, Surmans, Ingopae and Enterprise with significant exploration upside.

DRILLING – Main Edie Lode



EXPLORATION – Karuka/Enterprise



MAIDEN JORC 2012 RESOURCE – Karuka Vein

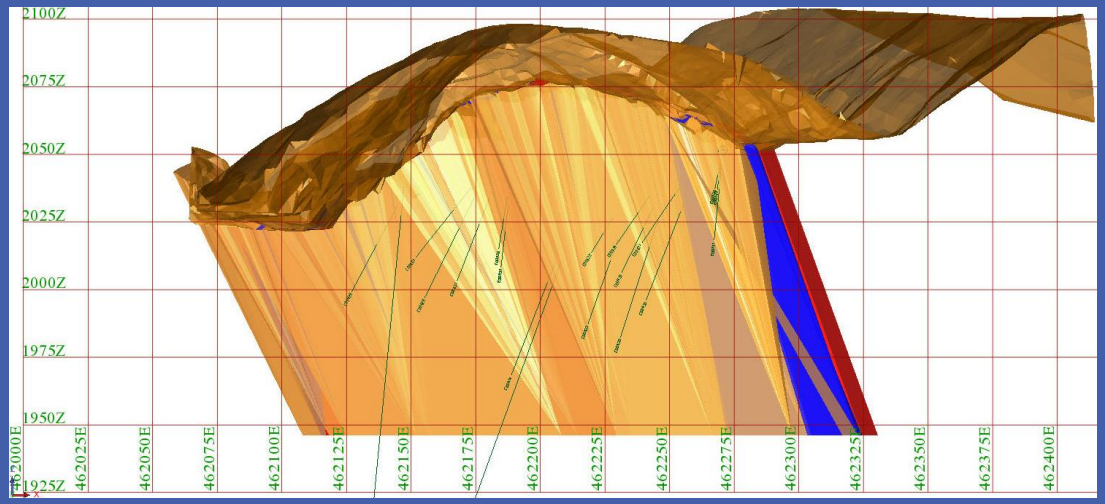


Figure 5: Northeast view of NE dipping Karuka Vein solid with drill pierce points under topographic DTM cover

- Niuminco drilled 14 DDH at the **Karuka Vein in late 2024**
- **Maiden JORC 2012 Indicated Resource of 15,032 ounces Au eq.**

- Drilling one of the 14 DDHs in the **Karuka Vein system** (right)**.**
- All 14 holes had **high grade intercepts in 804 m of drilling**
- **A further 50 DDHs planned to be drilled along Edie Lode & Karuka**

EXPANDED MINING OPERATIONS

- Updated Mine Plan lodged in 2025 for mining new areas plus expanded pits over the 7 existing, known vein/lode systems.
- Current mining operations include:
- - Selective, lower volume mining of high-grade vein/lode systems.
- - Large volume alluvial mining & processing of lower grade material commenced in October 2024 with new wash plant installed now processing 80-9kt/month.
- A new, additional 80tph trommel and crushing plant has been installed this December 2025 Quarter
- Additional mining fleet equipment now operating includes 8 large excavators, 2 x 18t tip-trucks and 1 new Toyota Troopcarrier

SIGNIFICANTLY INCREASED Mining Capacity

Significantly increased mining capacity with the acquisition of the following additional equipment in the past 24 months :

- 3 x Komatsu Excavators
- 3 x Caterpillar Excavators
- 1 x Liugong Excavator
- 2 x 18t Howo Tip trucks
- 1 x Toyota Troop Carrier
- Upgrade and repairs to existing mobile mining fleet

SIGNIFICANTLY INCREASED PROCESSING CAPACITY

- **Greatly increased processing capacity** as a result of additional new processing plant and infrastructure now installed including:
  - **Commissioning of 80tph trommel, milling and grinding plant**
  - **Upgrade of the ball mill and Gekko ISP concentrator** plant, PLUS;
  - Planned future purchase of the **K3.0M ‘’Acacia’’ cyanide processing plant**.

EDIE CREEK - A LEGACY AND A FUTURE

- Over PGK1.0 million spent on exploration and over PGK9 million spent on new mining and processing plant/expanded operations in the past 12 months, with a planned PGK10.0m exploration and drilling progrmme over the next 3 years.
- Over 30 new employees employed over past 12 months – 72 employees, average +50 for 14 years
- A proud and continuing outstanding safety record – NIL deaths or serious injuries to employees or contractors over the past 14 years.
- Continuing substantial support given to local communities – roads, medical infrastructure and services, Wau Police, school and churches.
- Continuing, overwhelming support for the Edie Creek Mine operations from employees, local communities and landowners.
- A maiden JORC 2012 Indicated Resource of 15,032 ounces Au equ. announced in April 2025 and updated Mine Plan lodged in June 2025.
- After 17 years in PNG the experienced Niuminco team have been bolstered by the influx of significant capital from new investor/purchasers. Niuminco looks forward to completing the transaction with the new ownership team, subject to a positive MAC recommendation, Mining Minister's subsequent approval and final transaction payments.
- The 10-year renewal of ML 511 granted in July 2022 provided a base for the significant expansion of exploration, mining and processing now occurring and for further future investment from a new generation of PNG explorers and miners.

After 14 years in PNG –
Em Tasol for now,
Thank you tru
and

Thank you to the wonderful people of Papua New Guinea
